

# Reported Defects

List of reported defects:

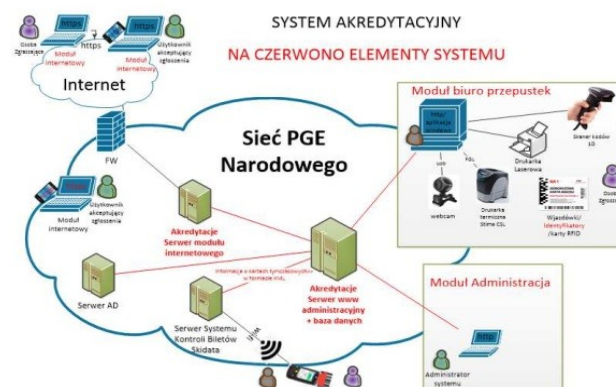

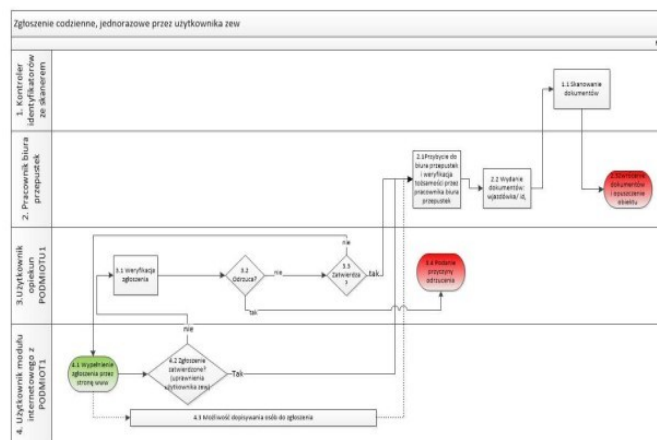

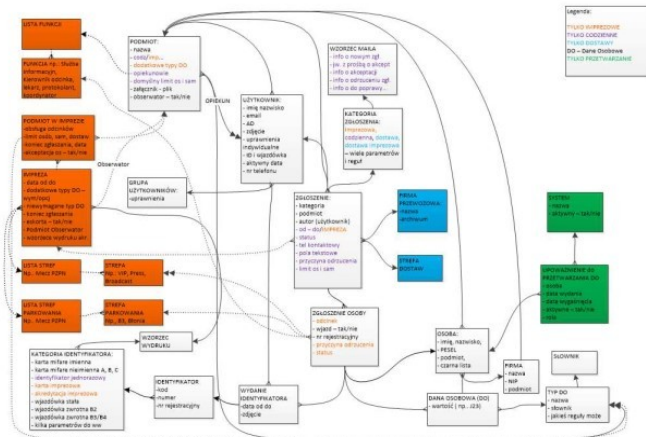

1. Undefined access control.....	2
2. Low quality of graphic materials.....	3
3. Inconsistency in the naming of issued identifiers.....	4
4. Inconsistency of event cards for SM, SI, SP, and KO.....	5
5. Inconsistency in new paper identifiers.....	6
6. Inconsistent format of the phone number field.....	7
7. Inconsistency in describing the fill-in field.....	8
8. Deviation in the report for delivery – transportation and event delivery.....	9
9. Ambiguously defined thermal printer.....	10

## Defect Report No. 1

- 1 Title: Undefined access control.
2. Defect Description: The documentation lacks clear information on Access Control System. There is no information whether it applies to selected rooms or the entire facility. The SKD card is received by a temporary subcontractor, a small event organizer, a large event organizer, and collaborators. There is no information whether the MIFARE card is compatible with the access control system.
3. Defect Classification: Serious..
4. Contact for the defect report author: Monika Kasperczyk-Rosa, tel. 883-128-746.
5. Attachments - none.

# Defect Report No. 2

1. Title: Low quality of graphic materials.
2. Defect Description: Unclear drawings even when zoomed in.
3. Defect Classification: Very serious.
4. Contact for the defect report author: Monika Kasperczyk-Rosa, tel. 883-128-746.
5. Attachments:

Rysunek 1 Schemat poglądowy systemu

## Defect Report No. 3

1. Title: Inconsistency in the naming of issued identifiers.
2. Defect Description: The parking zone designation on the cards refers to level "-2", while the description states B2 with a note about access to this level.
3. Defect Classification: Very serious.
4. Contact for the defect report author: Monika Kasperczyk-Rosa, tel. 883-128-746.
5. Attachments:
  3. Wjazdówka zwrotna (zwracana przed wyjazdem). Wykorzystywane dwie kategorie wjazd\_zwrotna, wjazd\_zwrotna\_B2 (z dostępem na parking B2). Są to zalaminowane kartki A4 z kodem kreskowym:

## Defect Report No. 4

1. Title: Inconsistency of event cards for SM, SI, SP, and KO.
2. Defect Description: The SM card lacks the optical mark found on SI and SP cards. There is no visualization of the KO Section Manager card..
3. Defect Classification: Very serious.
4. Contact for the defect report author: Monika Kasperczyk-Rosa, tel. 883-128-746.
5. Attachments:

## Defect Report No. 5

- 1 Title: Inconsistency in new paper identifiers.
2. Defect Description: 6 out of 7 identifiers are designed as black text with a background color assigned to the day of the week. However, one identifier does not follow this rule.
3. Defect Classification: Very serious.
4. Contact for the defect report author: Monika Kasperczyk-Rosa, tel. 883-128-746.
5. Attachments:

Nowe identyfikatory po wdrożeniu przedmiotowego systemu:

1. Dla akredytacji codziennej – identyfikator papierowe jednorazowe drukowane na jeden konkretny dzień z kodem kreskowym, które zastąpiłyby jednorazowe karty MIFARE, na każdy dzień tygodnia inny kolor (żółty, zielony, błękitny, czerwony, różowy, pomarańczowy, szary).

## Defect Report No. 6

- 1 Title: Inconsistent format of the phone number field.
2. Defect Description: The documentation does not clearly define the format for entering the contact phone number. Sometimes it is supposed to be text, other times a string of numbers.
3. Defect Classification: Serious.
4. Contact for the defect report author: Monika Kasperczyk-Rosa, tel. 883-128-746.
5. Attachments: None.

## Defect Report No. 7

- 1 Title: Inconsistency in describing the fill-in field.
2. Defect Description: The documentation inconsistently describes the fill-in field, sometimes referring to it as a "text field", other times as a "string", and sometimes there is no description at all. This causes unnecessary confusion.
3. Defect Classification: Serious.
4. Contact for the defect report author: Monika Kasperczyk-Rosa, tel. 883-128-746.
5. Attachments: None.

## Defect Report No. 8

- 1 Title: Deviation in the report for delivery – transportation and event delivery.
2. Defect Description: Inconsistency in designing the supplier reporting form. The documentation distinguishes between two types of suppliers; however, the forms are not consistent.
3. Defect Classification: Serious.
4. Contact for the defect report author: Monika Kasperczyk-Rosa, tel. 883-128-746.
5. Attachments: None.

## Defect Report No. 9

- 1 Title: Ambiguously defined thermal printer.
2. Defect Description: The printing system is based on a laser printer and the Stimare Stima CLS thermal printer. For some reason, the BOCA thermal printer appears at the end of the documentation.
3. Defect Classification: Serious.
4. Contact for the defect report author: Monika Kasperczyk-Rosa, tel. 883-128-746.
5. Attachments: None.
